

Professional Summary

Results-driven Project Engineer with 12+ years of experience in executing large-scale Civil Construction projects across Residential, Industrial, and Commercial sectors in the United Arab Emirates. Proven track record of delivering projects on time, within budget, and to the highest quality standards. Skilled in Mivan Shuttering, Residential Homes, and Project Management, with a strong passion for innovative construction techniques and team leadership.

Professional Experience

Senior Project Engineer (BC09)

Inazuma.co | January 2018 - Present

Project Engineer

Al Futtaim Engineering | June 2015 - December 2017

Key Achievements:

- Successfully managed the construction of a 500-unit residential complex in Dubai, ensuring a 10% reduction in project timeline.
- Implemented a new quality control process, resulting in a 25% decrease in defects and rework.

Responsibilities:

- Coordinated with architects, engineers, and contractors to ensure project deliverables.
- Conducted site inspections to monitor progress and enforce safety protocols.

Assistant Project Engineer

AECOM Middle East | March 2012 - May 2015

Key Achievements:

- Contributed to the development of a comprehensive project management plan for a large industrial facility, leading to a 15% increase in efficiency.
- Collaborated with the design team to optimize the building's structural system, reducing material costs by 12%.

Responsibilities:

- Assisted in preparing project schedules, budgets, and resource allocation plans.
- Coordinated with subcontractors to ensure timely delivery of materials and services.

Junior Engineer

Dar Al-Handasah | September 2009 - February 2012

Key Achievements:

- Participated in the design and construction of a sustainable residential community, incorporating green building practices.
- Developed and maintained project documentation, ensuring compliance with company standards.

Responsibilities:

- Conducted site visits to monitor construction progress and identify potential issues.
- Assisted in preparing and submitting project reports to clients and stakeholders.
